

# HYDRAULIC HAND GUN

## Part # 1000

The **Hydraulic Hand Gun Packing/Grease Gun** can be used to inject packing or grease. The **Hydraulic Hand Gun Packing Gun** is a 10,000 psi Packing/Grease Gun equipped with a 15,000 psi Gauge, 24" Large Inner Diameter Hose and Giant Button Head Coupler. Recommend for Stuffing Boxes, Valve Stems and Injecting grease in any type of lubricated valve. Simply load a "J" stick of lubricant, Stick of Stem Packing and or Liquids into a **Hydraulic Hand Gun Packing Gun** to seal packing leaks, lubricate or clean valves at your location. When using cartridge grease a cartridge loader must be ordered.
