

EQUIPMENT OPERATORS | MAINTENANCE WORKERS | OIL & GAS WORKERS | CONTRACTORS | MECHANICS

FEATURES

- » Reinforced thumb crotch for extra protection at a critical pinch point
- » Keep track of your gloves - pull tab on wrist with ID spot for initials

SAFETY RATINGS

MATERIALS

- » Slip-on style glove made of spandex & neoprene blend
- » Durable XTD grip palm for enhanced grip and stability
- » Soft & flexible TPR on backhand is reinforced throughout the fingertips — rated ANSI/ISEA 138 Impact 3
- » Cut and puncture resistant palm has a thermoplastic rubber 2mm D30™ foam insert — rated ANSI Cut 2 & Puncture 2 (palm only)
- » WJNT-1050 is prepared for the cold with C40 3M Thinsulate™ Lining with fleece

STOUT TPR is designed to disperse impact force energy away from the hand by distributing impact outwards and upwards to absorb the force and reduce as much injury as possible. Stout TPR creates a cushion barrier from the tip of the fingertip, over the knuckle and to the back of the hand, equaling a reduction in peak impact force. Stout Gloves are not classified as impact or cut proof. These gloves offer resistance to potentially dangerous elements. Please use gloves safely and responsibly to mitigate injury.
